Work Experience

Visual Designer & UX / UI Designer - Remote

2018-2023 **Istanbul Welcome Card / Istanbul - Turkey**

2018-2023 **Check for Trips / Frankfurt - Germany**

After receiving briefings from the departments, I designed complementary projects in the areas of UX and UI design, as well as digital and print design. Design meetings mostly took place online, and when exhibitor support was required, such as at trade fairs or conferences, I participated in these events on behalf of the company. The company operates in the fields of tourism, software, and healthcare.

Visual Designer - Remote

2017-2023 **Litany Ristorante / Manisa & İzmir - Turkey**

2017-2023 **Baca Organic / İzmir - Turkey**

2017-2023 **Tepekule Events / İzmir - Turkey**

I created digital and print designs for three companies.

I worked remotely and attended on-site meetings twice a month. The companies provide services in catering, weddings, event organization, restaurants, cafes and food retailing.

Art Director & UX / UI Designer

2015-2018 **Intrek Advertising Agency / İzmir - Turkey**

My first agency experience was as an art director at an advertising agency. There I focused on web and mobile interface design and user experiences and became a finalist in national competitions in this field. I also organised a team of 12 designers, developers and creatives. In addition to the interface design work, I was responsible for print and digital media design and video editing projects, which are for an art director.
